Forward-Looking Statements

This material contains forward-looking statements, which reflect the Company's assumptions, estimates and outlook for the future based on information available to the Company and the Company's plans and expectations as of the date of this material unless the context otherwise indicates. There can be no assurance that the relevant forward-looking statements will be achieved. Please note that significant differences between such forward-looking statements and actual results may arise due to various factors, many of which are outside the Company's control, including changes in economic conditions, changes in individual users' preferences and business clients' needs, competition, changes in the legal and regulatory environment including changes in laws and regulations or guidance, interpretation, enforcement or practice relating to laws and regulations, fluctuations in foreign exchange rates, climate change or other changes in the natural environment, the impact of the spread of COVID-19, the occurrence of large-scale natural disasters, and other factors. Accordingly, readers are cautioned against placing undue reliance on any such forward-looking statements. The Company has no obligation to update or revise any information contained in this material based on any subsequent developments except as required by applicable law or stock exchange rules and regulations.

Third-Party Information

This material includes information derived from or based on third-party sources, including information about the markets in which the Company operate. These statements are based on statistics and other information from third-party sources as cited herein, and the Company has not independently verified and cannot assure the accuracy or completeness of any information derived from or based on third-party sources.

Notes Of This Material

This material has been prepared for the sole purpose of providing general reference information. Neither this material nor any of its contents may be disclosed or used by any third party for any other purpose without the prior written consent of the Company. The Company makes no representation as to the accuracy or completeness of the information contained in this material and shall not be liable for any loss or damage arising from the use of this material.

Limitation of Key Metrics

The numbers for our key metrics, which include our "monthly Unique Visitors" and Job Seeker Profile claims are calculated using internal company data based on the activity of user accounts or website visitors. We define "monthly Unique Visitors" as the number of unduplicated (counted only once) visits to an Indeed website on a device over the course of a specified time period. The Unique Visitor counts referenced are an average of each month's total of distinct cookie IDs visiting Indeed's site between April-September 2023. Unique Visitors may not be an accurate representation of actual users of Indeed. Indeed measures Unique Visitors based on its own internal methodology, which may not be comparable with similarly reported metrics by other companies or third-parties. For more information, please visit: indeed.com/about/methodology. Glassdoor's "Unique Visitors" is based on data received via Google Analytics, and represents the peak monthly number of distinct cookie IDs visiting Glassdoor's site between October-December 2023. An Indeed "Job Seeker Profile" is defined as an account identified as a job seeker with a unique email address which has been confirmed by our validation process. Job Seeker Profiles can create and upload resumes to Indeed, and can be set to viewable to employers on Indeed.

While these numbers are based on what we believe to be reasonable estimates of our user base for the applicable period of measurement, there are inherent challenges in measuring usage of our products across large online and mobile populations around the world. In addition, we are continually seeking to improve our estimates of our user base, and such estimates may change due to improvements or changes in technology or our methodology.

指標に関する注意事項

「月間ユニークビジター数」や「求職者プロフィール」を含むIndeedの主要指標の数値は、ユーザーアカウントまたはウェブサイト訪問者のアクティビティに基づく社内データを使用して計算されています。当社では、「月間ユニークビジター数」を、指定された期間中にIndeedのウェブサイトのあるデバイスで閲覧した重複のない（1回のみカウントされる）数と定義しています。参照したユニークビジター数は、2023年4月から9月の間にIndeedのサイトを訪問した個別のクッキーIDの各月の合計の平均値です。ユニークビジター数はIndeedの実際のユーザーを正確に表しているとは限りません。Indeedは独自の方法に基づいてユニークビジターを測定しており、他社または第三者が報告した指標と比較できない場合があります。詳細はindeed.com/about/methodologyをご覧ください。Glassdoorの「ユニークビジター数」は、Googleアナリティクスを通じて入手したデータに基づき、2023年10月から12月の間にサイトを訪問したクッキーIDの月間ピーク数を示しています。Indeedの「求職者プロフィール」とは、当社の検証プロセスによって確認された固有のメールアドレスを持つ求職者のアカウントと定義しています。Indeedでは、求職者プロフィールとして、経歴書を作成およびアップロードすることができ、更に求人企業が閲覧できるように設定することができます。

これらの数値は、該当する測定期間における当社のユーザーベースの合理的な推定値であると当社が考えているものに基づいていますが、世界中の大規模なオンラインおよびモバイル集団における当社製品の利用状況を測定することには固有の課題があります。加えて、当社は継続的にユーザーベースの推定値を改善するよう努めており、技術や手法の改善や変更により推定値が変更される可能性があります。

Indeed Slips Past Monster, Now Largest Job Site By Unique Visitors

Erick Schonfeld

@erickschonfeld / 12:39 PM CST • November 17, 2010

Comment

In October, Job search engine [Indeed.com](#) slipped past [Monster.com](#) to become the largest job site in the U.S. According to comScore, 12.3 million people visited Indeed in October, up 19.6 percent. [Monster.com](#) attracted 12.1 million people, and [CareerBuilder.com](#) came in third with 11.3 million job seekers. It is still pretty close, with Indeed just barely edging out Monster. But this could very well be a turning point for leadership of the online job search category.

- **Standout:** The candidate's resume highlights their provision of compassionate and skilled nursing care, indicating a focus on delivering care with empathy and expertise. Several jobs also mention addressing emotional, medical, and cultural requirements, promoting a holistic approach to patient care.
- **Added bonus:** The candidate's resume consistently emphasizes collaborating with interdisciplinary teams (physicians, social workers, chaplains, and other specialists) and specialists to ensure comprehensive and well-rounded patient care.
- **Potential gap:** You've reached out to candidates with ACLS Certification. This resume does not mention ACLS Certification or related foundation of lifesaving BLS skills or continuous, high-quality CPR.

Hi Sofia,

I hope this email finds you well! My name is Roberta Morris and I'm a recruiter at Wavewood Healthcare. I recently came across your resume and noticed your experience as a Nurse at Northern Canal Medical Center. If you also have ACLS Certification or related high-quality CPR skills, you might be a great fit for the role we're currently applying. Just be sure to mention that in your application.

We currently have an opening for a Registered Nurse at Wavewood. As a Wavewood employee, you'll have the opportunity to apply your skills and expertise to a new challenge.

Before

The 'Before' section displays three distinct job application forms from different companies, illustrating a lack of standardization. The first form (left) has a 'プロフィール' (Profile) section with fields for name, birth date, gender, and contact information. The second form (middle) is for 'townWORK' and includes fields for name, address, and phone number. The third form (right) is for 'とらばーか' and features a progress bar at the top and fields for name, address, and phone number. Each form has its own unique design and field arrangement, making it difficult to compare applications across different companies.

After

The 'After' section shows a standardized job application form. At the top right, there is a '中止する' (Cancel) button. Below it, the title '応募内容の確認' (Check application content) is displayed. Underneath, there is a link for 'あなたのプロフィール' (Your profile) and a '編集' (Edit) button. The form contains several input fields: '氏名' (Name), 'ふりがな' (Kana name), 'メールアドレス' (Email address), '都道府県・市区町村・番地' (Prefecture, city/town/village, and postal code), and '電話番号' (Phone number). A note below the email field states: 'Indeedは、不正行為を防止するために、メールアドレスを非公開にする場合があります。非公開にした場合、採用企業にはのようなメールアドレスが表示されます。詳細はこちらのヘルプセンターをご覧ください。' (Indeed may hide your email address to prevent fraud. Key Takeaways

- **01** Our growth has been driven by our commitment to operational excellence and increased productivity
- **02** The large, highly fragmented temporary staffing market covers only a very small part of the working population and is prime for growth and disruption from a tech-led provider
- **03** We are uniquely positioned to transform temporary staffing with the use of technology and collaboration across Recruit
- **04** Our initial cross-Recruit initiatives have shown promise, and we see many opportunities to further increase productivity and temp work efficiency
